

ODI SECURITY

The Evolution of Security

Who is ODI Security?

ODI Security has been developing biometric security products for over 5 years. Our latest offering includes both modules and consumer products designed to be simple to use and cost effective. We can also provide a software development kit (SDK) to allow integrators to develop their own products using ODI Security's Fingerprint modules. Please review our datasheets for details.

padlock

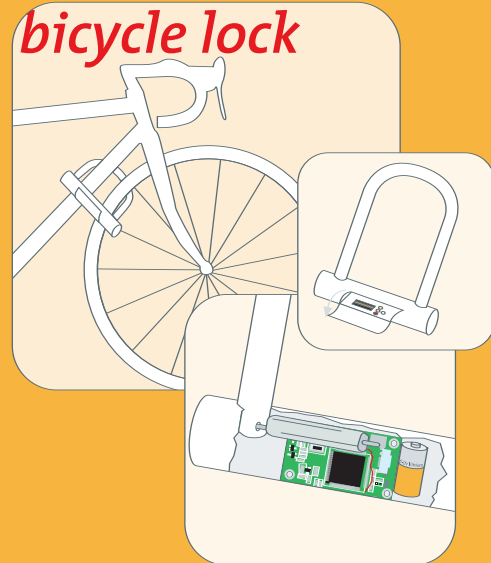

Padlock Module Features

- Self contained with battery
- Weatherproof
- Low power lock opening device
- Battery life >1 year
- Single or Multi-user
- Master Fingerprint Key capable with IR device (PDA or Laptop)
- Steel construction

Bicycle Lock Features

- Self contained with battery
- Weatherproof
- Single or multi users
- Low power lock opening device
- Battery life >1year
- Steel and composite construction for light weight

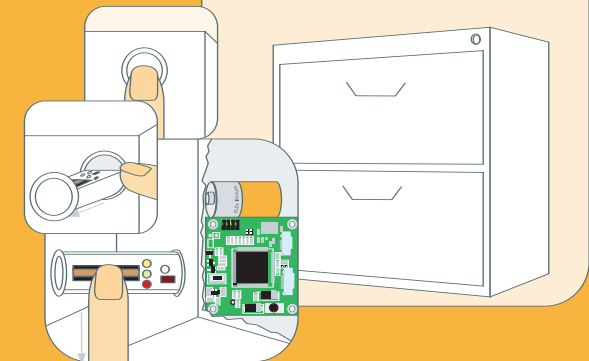

bicycle lock

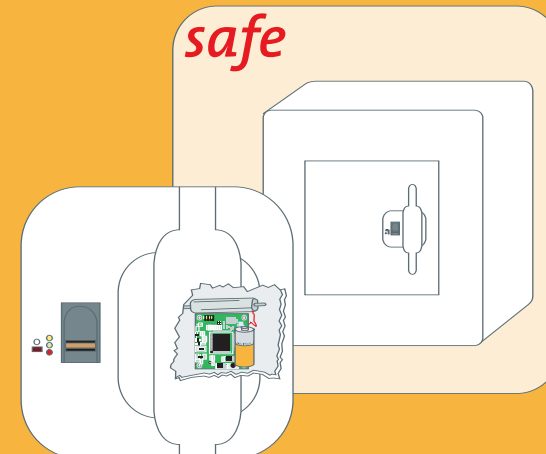

File Cabinet Features

- Patented Hide Away™ lock mechanism to conceal FP sensor
- Remotely located opening device for tamper resistance
- Master Fingerprint Key capable with IR device (PDA or Laptop)
- Battery or wall power capable
- Time-lock capable
- Steel construction

file cabinet

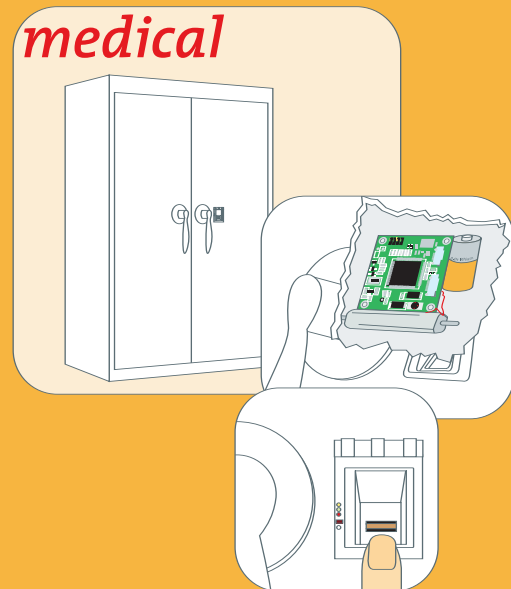

safe

Safe Lock Features

- Array or swipe sensor option
- Low power or solenoid locking system option
- Battery or wall power operated
- Encrypted Trusted Device communication to lock
- Complete kit including all cables, and mounting hardware
- Back door key

medical

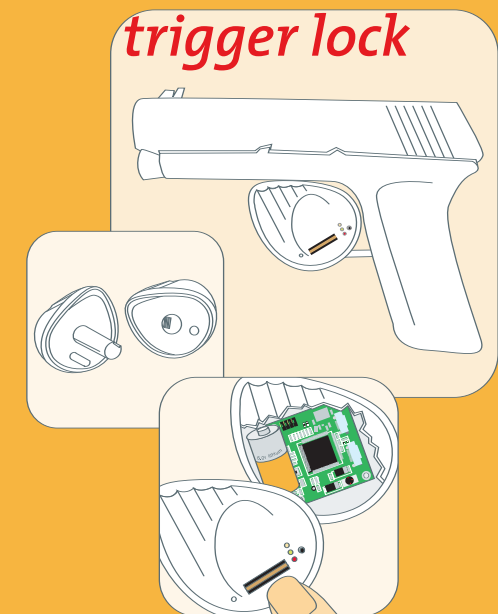

Medical/Hazmat Cabinet Lock Features

- Tamper proof installation recessed into the door
- Master Fingerprint Key capable with IR device (PDA or Laptop)
- Battery operated for explosion proof areas
- Battery life >1year

Trigger Lock Features

- All steel construction
- Lighted fingerprint sensor for night
- Multi user capable
- True Guard™ tamper resistant lock construction
- Tactical design
- Fits wide to narrow triggers
- Battery life >1 year

trigger lock

About ODI Security:

ODI Security designs and builds our own products. Our manufacturing facilities are ISO-9002 certified and subscribe to the highest World Class quality and environmental standards. All of our products carry a full one year limited warranty. Please contact us for further information.
